Community Based Prevention Research *Professional Development Series*

Mixed Methods Design in Health Research

Please join us for a professional development session on the use of mixed methods design in health research. We will discuss how qualitative and quantitative research can be used together and why you might want to use mixed methods in your work. We will examine the structure, process and function of mixed methods and provide examples of common patterns for discussion.

Presenters:

Julia Hess, PhD, Post-doctoral Fellow

and

Theresa Cruz, PhD, Research Assistant Professor

UNM Department of Pediatrics, Division of Prevention and
Population Sciences

When: Tuesday, September 18th, 2012

Time: 12:00 noon to 1:00 pm
(feel free to bring your lunch)

Where: Research Incubator Building (RIB) Commons
UNM Campus, 2703 Frontier NE, Albuquerque, NM 87131

For more information please contact Theresa Cruz at 505-272-4462 or by email at ThCruz@salud.unm.edu
