Hookah Use among Youth in New Mexico

Even as cigarette use among youth declines, hookah use is on the rise. This presentation will include information on the prevalence of Hookah smoking among youth here in New Mexico, trend data from across the country and possible explanations for why this epidemic is growing so quickly.

Date: Tuesday, April 2\textsuperscript{nd}, 2013

Time: 12:00 noon to 1:00 pm

Place: Research Incubator Building (RIB) Commons
UNM Campus, 2703 Frontier NE, Albuquerque, NM 87131
