Marching Band!
Make all four instruments. Gather a group together, and give each person an instrument. March around the house or outside playing music.

Instructions
1. Punch four holes in one side of the cardboard tube and one in the opposite side.
2. Cover one end of the tube with waxed paper in place with a rubber band.
3. Play a tune! Encourage your children to hum into the open end of the tube. Show children how to move their fingers on the holes while keeping your thumb on the opposite hole, to change the sounds that the flute makes.
